

# You make the world a better place by running on Team NY Rotary!

Through your fundraising and the generosity of your donors, many areas of need will be addressed in our community. The New York Rotary Foundation serves others through:

**Scholarships:** 10 High School Scholarships per year plus a Columbia University High School Summer scholarship for a high school student from one of our partner schools.

**Veterans Meals:** In support of the Fraternite Notre Dame, our members and our foundation provide the Thanksgiving Meal for Veterans in the Harlem neighborhood.

**Underprivileged Children Christmas Party:** Each year, Rotarians in further support of the Fraternite Notre Dame, typically brings Christmas Cheer & Gifts to as many of 2,000 kids who may be overlooked at Christmas time.

**NY Cares:** In addition to fundraising to support the important work of our foundation, Rotarians leverage its contributions with our time and manpower. NY Cares is one of those projects that is high on effort and low on funds. This city wide program maintains schools and school yards for our children.

**Leadership Camp:** The Rotary Club of New York with funds from the NYRF sponsors and supports a leadership camp for high school youths. We send kids to this weekend camp to sharpen and support their leadership skills. Our members serve as facilitators, too.

**Student Mentoring:** Though our vocations day, Rotary Club of New York invite students to meet with a mentor of their choice to discuss a vocation that is of interest to the student.

**Speech Contests:** Rotary supports individual student development with our annual speech contest. The topic is about Rotary values and must include an element of Rotary's Four Way Test.

**School Assembly Programs:** Sometimes it is most cost effective to deliver programs to the schools and we do this with our program. Our last speaker was Theodore Roosevelt, actually a TR Repriser, who looks-like, dresses-like and sounds-like our 26<sup>th</sup> President of the US. He delivers history about the events of his presidency while mesmerizes the audience, youth and adult alike.

**Central Park Conservancy:** Everyone loves and benefits by our Central Park. Through our Foundation, the members of the Rotary Club have endowed a stately American elm insuring that this stately species will be a part of the park forever.

**Gift of Life:** Though the Gift of Life program, we repair hearts of children who live in countries that do not have medical care to this level. Over 12,000 children now live a normal life because this surgery was provided to them, in part, though the contributions from our foundation and efforts of the members of the Rotary club of New York.

**Ronald McDonald House:** Everyone loves the mission of the 'House' that serves pediatric cancer patients and their family.

**PolioPlus:** Though our parent organization, Rotary International, we support the eradication of polio in the world. We are only 4 countries away from 100% eradication. We support this cause, too.

**Prosthetic Hands:** LN-4 Prosthetic Hands; NY Rotary's newest project. Every week the club donates one hand to someone in need around the world with the help of the Ellen Meadows Prosthetic Hand Foundation. Your running helps change a person's life for the better.

***Thank you for running on Team NY Rotary and supporting all our good work!***
